NATIONAL HONOR SOCIETY AT TELSTAR HOLDS INITIATION

The Telstar Chapter of the National Honor Society held an initiation of new members on March 18 in an evening program held in the Telstar Library. President Cathy Davis presided at the traditional candlelight service in which Regina Croteau, Robin Dooen, Cathy Fiske, and Doug Brooks spoke on Character, Service, Scholarship and Leadership, the four qualities for which the National Honor Society stands. A James Fiske of the Telstar Science Dept. was the guest speaker. His speech in the form of an original poem was very much enjoyed by N. H. S. members, their parents and guests. A highlight of the evening occurred when President Cathy Davis on behalf of the chapter declared Mr. Fiske to be an honorary member of the Society. At the conclusion of the program David Tripp took pictures of the group, after which refreshments and a social hour were enjoyed.

N. H. S. members must have obtained an 85 or better average in their studies and are chosen on the basis of character, service and leadership by a faculty committee of seven members: Rodney Abbott, English Department; Pauline Applin, Math Department; Samuel Elliott, Guidance Department; Timothy Kersey, Science Department; William Morton, Social Studies Department; Felix Otero, Foreign Language Department; and Madeleine Gibbs, National Honor Society advisor.

Present members are as follows: Seniors chosen their junior year — Regina Croteau, Doug Brooks, Cathy Davis, Robin Dooen, Cathy Fiske, Juanita Holt. New seniors—Jerry Broomhall, Kendra Keniston, Jeanne Manson, Matt Wight. Juniors — Pam Coolidge, Eric Dombkowski, Irene Howe, Susan MacKay, Claire Morgan, Leilani Poland and Betsy Smith.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The assessors will be in session Monday, April 7, in the Town Office from 9 a. m. to 5 p. m. to accept declaration sheets and to discuss valuations with taxpayers.

Appointments are being made for the assessors to meet with representatives from appraisal firms in preparation to letting out contracts for revaluation of property. It is hoped the work can be done in time for the 1976 commitment.

The Highway Department has had a few good days this week to start spring work. They have filled some of the worst pot holes, cleaned catch basins and thawed culverts. Roads are very rough this year due to frost heaves. In most places there is little that can be done except wait for them to settle.

The ambulance, radio and equipment have been ordered. Delivery is not expected until after April 1 when our present contract expires but the company who is supplying the ambulance has promised us the use of one until ours arrives. An alarm system to call the operators has also been ordered through the phone company.

Greenwood City —

— Mrs. Colista Morgan, Corres. —

Before the sun touched the hills across the pond this morning there was a noticeable pattern of trees reaching to the top of Patch Mountain. These wild places have been reclaimed over the years by individuals. The many scraps, pieced together resemble a patch work quilt, an heirloom of New England, made frugally and passed down from one generation to another.

The trees were etched against the sky with a dusting of snow on the evergreens; a pensive kind of hillside, with its blacks and whites, browns and grays.

Somewhere beneath the trees, secluded, lies a small ravine with tall hemlocks, huge boulders and a lovely waterfall which I have visited many times. I remember well a place where the water begins its drop, there grows a tree on a rock. It seems to be growing right out of the boulder, one side holding on while roots reach to anchor in the soil. Many years ago a tiny seed must have drifted into a crevice where rock particles and leaves made soil, nourished it, and so the tiny roots went exploring, gripping the rock in its embrace.

In spring this sparkling staircase of water can be seen and heard from the road but now in its frozen form it's a frosted wedding cake. It has made its way from far back on the mountain where the early settlers once lived.

Paths up there often turn out to be roads once used by farmers.

A depression in the land, on close inspection shows, not a natural rock formation, but a man-made cellar hole, half filled with dirt and leaves. Some walls still stand and have mossy-green stones while rising through spaces where a family once lived are saplings and larger trees. The house long abandoned, had fallen in and rotted away.

The fields no longer used to farm have been taken over by dandelions, grasses, or crowded out by asters, brown-eyed Susans and weeds. Clumps of trees like exclamation points against the colors of the field appear.

Years have marched on and now the farms are groves, wild places, clinging to their history as that lonely tree clings to its rock.

On this side of the pond the purple finches, the most melodious of American finches, peacefully ate their morning meal. Chickadees, nuthatches, evening grosbeaks, woodpeckers, and, of course jays were about. Some would sweep in, wheel into the wind, against the grayness and so cheered my day. The clown of the group, short tail, short neck, beady eyes, long bill, would usually stop first on the elm trunk and walk downward looking for bugs; a serious bird, the nuthatch, but a funny one, nevertheless.

Here at the foot of these mountains is home, my root soil, and I can note the change to another season. Spring! This mist-hung, cloud-shrouded valley told me as it awoke to another day.

On the Job With Emily

Week of March 11-14

As indicated in the daily news accounts, this past week in the Legislature has been highlighted by two controversial events—one the discovery that the Governor's appointee to head the Department of Mental Health and Corrections had been paid prior to commencing employment; and the other, the Governor's choice of the word "pimp" to describe any Legislator who would "leak" information to the press. The second event has created considerable ill will that probably will not soon subside. Emily happened to meet the Governor at the regular Wednesday morning coffee and was able to convey to him her disapproval of such name-calling and her disappointment at the hostility apparently felt toward the legislators by the Governor. In addition, freshmen Democratic, and possibly Republican, legislators are in the process of drafting an open letter expressing their thoughts on the animosity currently present at the State House.

On March 11, Emily attended a hearing before the Labor Committee where fellow Oxford County Representative James Wilfong (D-Stow) presented his bill to raise Maine's minimum wage to \$2.50 per hour. Paul McGuire and Clifford Hobbins of Gould Academy and Bethel testified in support of the measure as did several Fryeburg area residents. Emily intends to support the bill. There is also a bill sponsored by Portland representatives which would raise the minimum wage to \$3.00.

Hearings were held last week at the Civic Center concerning the fate of the Maine Milk Commission. One proposed measure would abolish the commission altogether, while another would eliminate its price-fixing powers. The hearings were well attended by farmers opposing the changes. The consumer groups supporting the bills did not turn out as faithfully, and Rep. Saunders finds herself a bit undecided, having previously supported changes in the Commission and will seek more information before the final deliberations. Hearings will continue April 2.

After being brought back to the House from Committee with a divided report, the "Bottle Bill" is still alive. As expected, lobbying on behalf of the grocers who oppose the returnable bottle law, is hot and heavy. Emily favors the bill, but would appreciate hearing from all sides. Incidentally, mail from District 63 has picked up in the last few weeks. Keep it up! Plans are in the works for some sort of questionnaire for the near future.

Emily and the Bethel Democrats were gratified at the fine turnout for Robert Monks' talk on March 9 as part of the "Second Sunday" program. It was good to have such a diverse crowd and gives encouragement for other issue discussions in the coming months.

Congratulations to Louise Lincoln, former Representative and Clerk of the House for the 106th session, on being named to the Commission on Maine's Future by the Governor.

Emily has sought the help of Asa Gordon of the Dept. of Education and Neil Rolde of the House leadership in preparing a summary of the LD 1994 controversy and its effect on S. A. D. 44, which hopefully will occupy this column within the next few weeks. She has recently written to the members of the Maine Congressional delegation and Rep. Al Ullman of the Ways and Means Committee concerning the future of funds for Head Start Programs and asking that they work to insure that the funding continues.

TRIVIA continued: That ever-inventive Main Street personality—Dr. Jack Trinward has offered his entry to the State Insect Contest, "after nearly 50 years in the Maine outdoors—how about THE Black Fly!"

THANK YOU

I want to thank the voters of the town of Upton for their support.

Bethel Head Start

We started our week off with such beautiful spring weather. We just couldn't resist the urge to get out and romp. So, we did just that. Monday was like bursting out of a cocoon for our children who spent a full hour outside, just enjoying it all.

First thing we'd like to do is add that we also enjoyed lunch at McDonald's last Wednesday when we went bowling. Although omitted in our column, it was a treat for all.

On Monday the children observed St. Patrick's Day with special name markers made by our new aide, Sharon Brynes, and we also enjoyed delicious cupcakes with green frosting, also made by Sharon. We also learned on Monday that one of our boys, Mike Leon, from Locke Mills has a new baby brother. His name is Christopher.

On Wednesday the children who will be attending Kindergarten at Ethel Bisbee spent the morning visiting Mrs. Cross' kindergarten class. Many thanks also to Mrs. Cross who donated a set of king size wooden blocks to our children. Also on Wednesday, Charles Cole visited Miss Couture's kindergarten class in Woodstock, and Melissa Billings went to Rumford Center, as these are the schools they will be attending next year.

Last week we shared the star honor between our two cousins, Jody Morin and Daryl Currier. Jody lives in Gilead. His father's name is Adrian, his mother's Darlene. Jody has four brothers, Adrian, Yvon, Anthony and Jeremy. Jody also has a sister, Darlene. Jody's favorites are: TV show, Superman; toy, truck; food, potato; color, orange, and pet is Champ.

Daryl lives in Bethel. His father's name is Ivory and his mother's name is Yvette. Daryl has two brothers, Eric and Aaron. Daryl also has a sister, Becky. Daryl's favorite are: TV show, Superman; food, macaroni; toy, truck; color, green, pet is his dog, Ernie.

Volunteers have been Norman Stone, Virginia Learned, Linda Haegle, Debbie Garey and Sheila Buck.

Remember the dance Friday, March 28. Tickets are available at Charlie's Place and Hathaway's Country Store or call Judi Bean 824-2583 or Louise Chapman 824-2284.

one of the stories told depicts a proud rooster named Chanticleer.

Ad Art Graphic Studios (formerly Ad Infinitum), promoter and sponsor of the contest, chose the name because of its obvious relation to the Early Rooster characterized on Early Real Estate's bulletin board.

Following is a quote from the Canterbury Tales, roughly translated from Old English:

"A yard she had, enclosed all about, With sticks and a dry ditch without. In which she had a cock named Chanticleer; In all the land of crowing, none was his peer. His voice was merrier than the merry organ. On mass days in the church did play."

As a prize, Mrs. McCoy received a 25 dollar U. S. savings bond, courtesy of Ad Art Graphic Studios.

HEALTH COUNCIL MEETS

continued from Page One

Laws, defined and worked at realizing a goal, support clinics and educational programs and gave direct assistance to area residents with health problems.

"The most significant change in the By-Laws put the responsibility for supervising and directing the business of the Corporation in the hands of seven Trustees. The change was designed to expedite decision making and facilitate action.

"The Council adopted the goal of establishing an area family health care center. The center's purposes were to attract and house needed medical personnel; provide round-the-clock emergency care coverage; provide for routine medical care; house preventive and educational programs.

"Toward this goal the following progress was made:

"A Building and Site Committee secured the promise of a desirable site and prepared detailed plans for a facility.

"A Patient Services Committee defined services and programs to be offered, prepared equipment lists and estimated costs and estimated staffing requirements.

"A Finance Committee attempted to locate sources of funding outside the community. The Committee sent letters of inquiry to State and Federal Congressmen. Responses gave the project approval and promised investigation of government funding sources.

"A committee for raising local funds was appointed. The Committee's action was delayed pending: (a) the outcome of attempts to secure revenue outside the community; (b) statistical evidence of need and feasibility on which to base a fund raising campaign; (c) more precise definition of the Center's administrative makeup.

"A Publicity Committee was formed to aid the Fund Raising Committee and to keep the public informed.

"The services of a Physician and a Physician's Assistant were obtained through the Rumford Community Hospital. They will begin a general practice in Bethel this spring.

"Attempts to keep people informed of the Council's progress consisted of newspaper articles, a public information meeting and talks before area groups and civic clubs.

"The Bethel Health Council participated in or supported the following clinics, informational programs, task forces and public events: Breast Self Examination Clinic; Tri-County Health Planning Agency Task Force on Ambulatory Care; Molycock Day; Flu Shots for Senior Citizens; Child Health Conferences; Red Cross Bloodmobile; Pap Smear Testing.

"The Health Council gave direct aid to area residents by providing transportation or reimbursement for travel to medical facilities and by providing health care equipment and reimbursement for medical expenses. Equipment provided included hospital beds, toilets, crutches and wheel chairs. Operation of a clothing barn was discontinued.

"The Bethel Health Council received a great deal of assistance from the administrative staff of Stephens Memorial Hospital, Rumford Community Hospital and Tri-County Health Planning Agency.

"Respectfully submitted, John C. Laban."

THE BALISTA STRIKES AGAIN!

On Thursday, March 13, 1975, the balista struck again! This time in the physics lab at Telstar Regional High School. It was used by Matthew Wight to perform a physics experiment known as "Shoot the monkey out of the tree." This is an actual experiment to show that the horizontal speed of an object is independent of the vertical speed. If this is true, then when you aim a gun directly at a monkey, which is hanging from a tree nearby, and the monkey drops or lets go, at the same instant that the bullet leaves the tip of the gun barrel, you will hit the monkey. At Telstar we used a balista for the gun, a dart gun target for the monkey and an electromagnet to hold the monkey so that when the golfball broke the circuit at the end of the gun barrel both the monkey and the golfball started into motion at the same instant. Bingo! A direct hit! — Matthew Wight.

BLACK POWDER CLUB STARTING AT EAST BETHEL

A group of 16 men met recently at Peter Haines home in East Bethel, to discuss forming a Black Powder Club. There was much discussion about a permanent place to hold their shoots.

The naming of the club seemed important, as they plan to work with the Bethel Historical Society during their Bi-Centennial Celebration of '76. In May of 1861 the "Bethel Rifle Guards" was formed; and this club may choose to adopt this name.

Over coffee and donuts, the men recounted their various experiences shooting with black powder.

The next gathering, which will be a shoot, will be held at Dick Douglass' gravel pit this Sunday afternoon, March 21 at 1:30. Anyone interested is welcome to attend.

LYNDON INSTITUTE CAPTURES NEW ENGLAND SKI TITLE - TELSTAR FOURTH

Lyndon Institute of Lyndonville, Vt., captured the number one spot among New England's top interscholastic ski teams at the annual New England Interscholastic ski championships held in Bethel over the week end. The championship, which annually brings together the top Class "A" ski teams from Maine, New Hampshire and Vermont, drew a large number of spectators to the opening Alpine events held at Mt. Abram.

With ideal snow conditions at Mt. Abram, the 35 gate giant slalom was won by Doug Briggs from Kennett High School of Conway, N. H. He was followed closely by teammate Perry Bryant and Hanover, N. H., High School's Pat Barr in second and third spots respectively. Maine's top finisher was Edward Little's Donny Isaacson in 12th position, followed by Telstar skiers Tom Stecher and Barry Carver in 14th and 15th positions.

The afternoon found the skiers confronted with two runs of slalom on two separate courses. The first course, the tougher of the two found many skiers falling victim to spills and disqualifications. When the snow had settled following the second run, Kennett's Doug Briggs once again found himself on the victor's platform with a two run total time of 56.4 seconds, almost three full seconds ahead of 2nd place Jim Gilman of Lyndon Institute in 59.3. Edward Little's Don Isaacson finished 3rd in 60.1. Telstar's Barry Carver and Tommy Stecher finished 6th and 10th respectively and were the only other Maine boys to finish in the top ten.

Saturday morning the events shifted to the 30 meter jumping hill at Swan's Corner where both Edward Little and Telstar showed their "stuff" finishing one - two in the event. John Myrick of E. L. was the individual star with teammate Peter Bunker in the second spot. Mike Timbers of Rutland, Vt., finished third and Telstar's Scott Smith was fourth. Other Maine boys in the top ten were Levi Brown and Eric Dombkowski, both of Telstar in 8th and 10th spots.

The cross country event was held at the nearby Sunday River Inn. The limelight in this event was all on Lyndon which captured five of the top ten positions. The individual title went to Rutland's Jimmy Goodwin who covered the 10 kilometer course in 31.19. He was
